

A New History Part I

Every record has been destroyed or falsified, every book rewritten, every picture has been repainted, every statue and street building has been renamed, every date has been altered. And the process is continuing day by day and minute by minute. History has stopped. Nothing exists except an endless present in which the Party is always right.

George Orwell, 1984

History Changed

As we look at the history of the *Ashkenazi Jews*, and how they have changed history to support their various Zionist's causes, we are not generally dealing with conspiracies, though Psalms 2 certainly applies. We have shown that the self-identified Jews have told and are clearly telling us what they have been and are doing. However, since the early 1800s, the Jewish Public Relation's effort has done a marvelous job of indoctrinating the Christian world about the superiority and authority of **antichristian Judaism**. The more Jewish millennialism increases its hold in the church, the more the church becomes committed to defending the Talmudic Jews, *i.e.*, Orthodox Jews. It is disquieting that Talmudic Judaism is supported from many pulpits of self-proclaimed Bible Believing churches.¹

A simple enquiry into *Ashkenazi* will produce **Politically Correct** results. That is, the term refers to the descendants of the Children of Israel who were dispersed from Palestine, and settled along the Rhine River around the end of the first century. They thus became known as *Ashkenazi Jews*. However, that explanation violates the Table of Nations as recorded in God's Word.² So history had to be changed.

To achieve their aim, the Zionists needed to erase existing ethnographic textures, forget specific histories, and take a flying leap backward to an ancient, mythological and religious past. ... In their urgent need to establish a common origin for the 'people,' the national historians embraced uncritically the old Christian idea of the Jew as the eternal exile. In the process, they erased and forgot the mass proselytization carried out by early Judaism, thanks to which the religion of Moses grew enormously, both demographically and intellectually.³

That is, Zionism urgently needed a specific non-history in order to claim Palestine as their national homeland. So, they manufactured a mythological history of so-called wandering Jews in order to create Christian sympathy for a national homeland in Palestine.

Those who realize the deceits being perpetrated by Talmudic Jewish Zionism should be amazed at how much almost every source from the U.S. President on down have and are promoting the Zionist's nation of Israel, and their lust for expansion; those sources viciously attack any perceived negative mention of Israel or of the Jews. Furthermore, the Jewish Zionists are being praised while the legitimate heirs to what was the Biblical land of

¹ See "A Jew?" Also, see *The Death of the Church Victorious*. In it, this writer traces the Jewish "millennial" history from the time it was first introduced to the church in the late 1700s to its almost total domination of Christian doctrine today. However, thank the Lord, Jewish millennialism seems to be waning as more people return to the Orthodox Reformed faith. Furthermore, we document therein how the "Bible Reading" method of Bible study used to support Jewish millennialism has been devastating to the Christian faith. See "Jewish Millennialism" in this book.

² The Genesis 10 Table of Nations is developed in "Gog and Magog." *Baker Bible Atlas*, pp. 35, 37. History is commonly rewritten by sinister men to control public policy. It is becoming increasingly difficult to find honest history about anything.

³ Sand, *The Invention of the Jewish People*, p. 266.

Israel, the Arabian Palestinians, are being condemned. In order for the Zionist project to possess Palestine to continue, the public perception had to be changed to favor the militant Zionists.⁴

In general, the church has now reached the point where it will not hear anything negative about those who follow the Jew's religion.⁵ Any anti-Jewish statement immediately brands the speaker or author as an Anti-Semitic, and he is dismissed as a fringe conspiracy theorist. Thus, few Christians are willing to speak out publicly about the true nature of Talmudic Judaism, though the New Testament clearly reveals its true nature.⁶

This writer has found that few Christians are interested enough in historical truth to look behind the bright lights of popular opinions of the day. He has also found that one's millennial view will generally determine his attitude toward honest Jewish history. A strong Dispensational Premillennial faith will go to great lengths to defend Talmudic Judaism.⁷ Sadly, the church has imbibed Rabbinic, Talmudic Judaism's propaganda, and now it not only supports and finances, but defends Judaism despite its openly stated antichristian nature. Hence, the obvious evil of trying to identify the Jew's religion with the Christian religion. On the other hand, the church will loudly condemn Mohammedanism, while it shrinks in fear of Talmudic Judaism.

Where is the Spirit of Biblical Discernment?⁸

In Acts 17 the Jews created such an uproar over the truth that Paul and Silas had to flee the city and go to Berea. Those at Berea then searched the Scriptures for the truth of what Paul and Silas were saying. Are we not facing the same today? Any effort to call attention to the truth of Talmudic, Rabbinic Judaism causes such an uproar, not only from the Jews, but also from the Judaized church, that one must avoid any negative words about those who identify with the Jewish religion.

How History is Changed

The self-identified Jews have so successfully changed history that a majority of Christians now consider the Children of Ashkenaz to be the true "Israel of God." It appears that Judaized and Zionized Christianity has ignored and is ignoring the book of Galatians as it accepts a new fake history of the modern Jews.

History means inquire, explore, and learn by inspection. Where are the Christians who are inclined to seek out the true history of modern Rabbinic, Talmudic, Orthodox Judaism?⁹

Inquiring into the history of Talmudic Judaism, one will learn that the Jew's religion of the first century seeks to trace its root to Moses. On the Mount, it was said that Moses received an oral commentary from God with the written Commandments. He then delivered that oral commentary, *i.e.*, the Oral Torah, to the elders of Israel. Many traditions were added to that Oral Torah until it was finally canonized in the seventh to eleventh century AD. That Oral Torah was and is considered the binding law of Judaism.¹⁰ So not only was Talmudic

⁴ "The Palestinian people, also referred to as Palestinians or Palestinian Arabs, are an ethnonational group comprising the modern descendants of the peoples who have lived in Palestine over the centuries, including Jews and Samaritans, and who today are largely culturally and linguistically Arab." <https://en.wikipedia.org/wiki/Palestinians>. The Ashkenazim are the invaders. Only a very small portion of world-wide Jewry are Zionist.

⁵ To understand how thoroughly the church has been Judaized, see <http://www.daytopray.com>.

⁶ The theologians of the first and second century also clearly stated the true nature of the Jew's religion. Not only this writer but others have experienced the anger, mocking and ridicule of Judaized Christians; there appears to be a common characteristic spirit of anger among those who have accepted the Jewish Millennial hope.

⁷ We will see that a major building block in Judaism is its war against "Replacement Theology." Premillennialism defends a Church/Israel distinction as developed and defended in Judaism despite the clear teachings of Paul in Galatians.

Judaism very active in its antichrist fervor in the first century,¹¹ it was the binding legal code of Judaism when the descendants of Ashkenaz, a son of Gomer, converted to Talmudic Judaism in the mid 8th century.¹²

Inquiring further, we see how Talmudic Judaism gained such a huge following, and spread world-wide in a very short time. When Khazar King Bulan converted to Talmudic Judaism, his kingdom followed him. The kingdom then totally identified itself as Rabbinic Talmudic Jews, and assumed for themselves all the imagined promises of Judaism.

At the **center of those Talmudic Judaic promises** is the requirement of a *Jewish homeland* with Jerusalem as its capital.¹³ Also, in order to gain a homeland that was not theirs, the Ashkenazim had to manufacture a fake history, for they had to get world-wide support in order to replace their Eastern European homeland with a Palestinian *homeland*. Talmudic Judaism had been working toward reestablishing a Jewish nation from the time the ancient, apostate nation was destroyed. Though other areas were considered for a homeland, Palestine was the choice. Talmudic Judaism maintains that the land of Israel is the gathering place of all the faithful “‘at the end of Days,’ when messianic redemption comes for all Humanity.” A very key part of Talmudic Judaism is the absolute necessity of possessing Jerusalem, for it considers Jerusalem the center of the universe.¹⁴ The goal of Judaism since the destruction of ancient Israel and the Second Temple has been to return to Palestine, *the land of Israel*. Judaism requires the possession of the *Land of Israel*, for it is only there that the promised Messiah will return.¹⁵

The True Ashkenazi Homeland

The supposed Jews of the 1800s were committed followers of Talmudic Judaism, which created great problems for Christian Russia.

Alexander II ... allowed some Jews (Children of Ashkenaz, ed.) to live outside of the area known as the Pale of Settlement, the 472,000 square mile region that comprised most of today’s countries of Poland, Ukraine, Belarus, Moldova, Latvia, Lithuania and Estonia, in which Jews had been restricted to living beginning in 1835. Moving outside the Pale resulted in the development of Jewish communities in Moscow and St. Petersburg. As a result of these policies, many Jews became more involved in the cultural and intellectual life of Russia.¹⁶

Therefore, Ashkenazi Jewish history even up into the 1800s shows that **the homeland of the once great and mighty Khazar Empire was the Ukraine and Russia**—neither then nor now has the Ashkenazim had any connection whatsoever with Palestine.¹⁷ Moreover, the Ashkenazi Jews today officially admit that they are the descendants of the Turkic Khazars who converted to Talmudic Judaism.¹⁸ The Talmudic Jewish religion

¹² Bulan was a Khazar king who led the conversion of the Khazars to Judaism. His name means "elk"(Moose) in Old Turkic. In modern Turkish, it means *The one who finds* (Bul + a2n). The date of his reign is unknown, as the date of the conversion is hotly disputed, though it is certain that Bulan reigned some time between the mid-8th and the mid-9th centuries. Nor is it settled whether Bulan was the Bek or the Khagan of the Khazars. His conversion is placed at about 740 A.D. ¹⁷ Sand, *The Invention of the Land of Israel*. On p. 29, Mr. Sand states: "My main goal in this book is to deconstruct the concept of the Jewish 'historical right' to the Land of Israel and its associated nationalist narrative, whose only purpose was to establish moral legitimacy for the appropriation of the territory."

¹⁸ 95% of Ashkenazi Jews are Khazars: *The Times of Israel*, August 30, 2017. <http://blogs.timesofisrael.com/leaked-report-israel-acknowledges-jews-in-fact-khazars-secret-plan-for-reverse-migration-to-ukraine/> Accordingly, the right of Gomer’s son, Ashkenaz to claim Palestine as a “Jewish

demands a Jewish Homeland in Palestine. The Jewish Zionists who are dedicated to a Jewish State in Palestine, will stop at nothing to bring about and defend their new Jewish Homeland. Even a cursory glance at history will reveal the Zionist's heavy hand in wars as well as in political upheavals.¹⁹ History shows that there is no limit to what the Zionists will do to possess a supposed Jewish Homeland in Palestine, even unlimited warfare.²⁰

Expert Memory-Merchants Employed

In order to change the Turkic Ashkenazi Jews' homeland from Eastern Europe to Palestine, the history of ancient Israel had to be reconstructed by the Zionists. The "Zionists project" required replacing truth with lies.²¹ In order to manufacture the new history, expert writers were employed to develop the necessary lies to provide historical evidence that would support their desired possession of Palestine. The imaginative new history had to be good enough to gain Christian moral support, financing, and military support when needed. These Israeli "memory-merchants" had to avoid the very shadow of the Ashkenazi Jews' Turkic Khazar past. The Zionists knew that if the Khazars' past history became known to the Jewish masses, and that they were not the direct descendants of the *Children of Israel*, such knowledge "might lead to a broad challenge against the State of Israel's right to exist."²²

That is, if the self-identified Jews had known that they were descendants of Japheth with no connection to the *Children of Israel*, Shem, there would have been problems establishing modern Israel. So even the self-identified Jews had to be deceived with a new believable history. Therefore, before a new fake history of the son of Gomer, the *Children of Ashkenaz*, could be inserted into public consciousness, the true history of their totally vile and debased Turkic past had to be removed and forgotten by the public, *i.e.*, written out of history. The public had to be reeducated that Palestine was the actual homeland of the Ashkenazim. That goal has been wonderfully accomplished by manufacturing lies and deceits to connect the *Children of Ashkenazi* with the *Children of Israel* of the Exodus. Their new history created a connection where none existed. Without a new history, the Ashkenazim would have been unable to gain public support, especially Christian, in their claim that Palestine is their **true homeland**.²³

From the time of the "widespread Palestinian revolt of 1936-1939, it was known that Judean peasantry had to be erased from the Jewish national consciousness, and cast into oblivion."²⁴ We have seen that because there was no forced exile by Rome, the true remnants of the decedents of the *Children of Israel* remained in Palestine after 70 AD. The history of national Israel ended with the destruction of the Second Temple, but "the descendants of the Judean peasantry" remained. In order for the Zionist project to work, those Palestinians had to be removed from the land, and written out of history. Accordingly, the "Palestine problem" from 1948 to the present is

between the Caucasian Turkic *Ashkenazim* (who left their Ukrainian homeland and settled in Palestine) and the Judeans (the Palestinian Arabs who are the remnants of the true descendants of the *Children of Israel*. The Arabs are descended from Shem, even through Abraham.) **Hence, it is the descendants of Japheth**, the *Children of Ashkenaz*, who practiced and are practicing anti-Semitism against the true sons of Shem, the Semites who were and still are in the land. Where is the charge of anti-Semitism when you need it?²⁵

For without are dogs, and sorcerers, and whoremongers, and murderers, and idolaters, and whosoever loveth and maketh a lie. (Rev 22:15)

The Muslim's war against Christ is nothing compared to *Gog, the chief prince of Meshech and Tubal's* war against Christ, as carried out primarily by Gog's family, e.g., *Children of Ashkenaz*. At our present time in history, God has allowed the whole world to lie in the wicked one. From the time of Nimrod, the goal of the enemy of all righteousness has been to overthrow the Lord and his Anointed.²⁶ With *no fear of God before their eyes*, why are we doubtful of or surprised by the utter vileness of the evil inventions produced by reprobate minds, as revealed in their laws, i.e., the Oral Torah and the Talmud? We are plainly told in Scripture as well as in Talmudic Zionist's literature that the goal of the antichrist has always been and is world-dominion by whatever means necessary. Why do we doubt the world-wide goal of the antichrist? What is beyond the imagination of the reprobate minds of those who believe there is no God to fear, and who are at war against God and the Kingdom of his Dear Son, the church?

Why is the church fearful of calling attention to the vileness of Talmudic Judaism when needed on occasion, i.e., Orthodox Judaism, and its hatred of Christ? Is it because the average professed Christian, or pastor, does not know the Word of God, and may even fear man more than he fears God? How many are willing to believe, support and may even be willing to subject themselves to Talmudic Judaism's lies and deceits? Christians' lack of knowledge of God's Word, and the ability to view current events in the light of God's law-word results in a self-imposed death sentence.

But he that sinneth against me wrongeth his own soul: all they that hate me love death. (Pro 8:36)

Those who neglect God's law-word are guilty of suicide. Though they do not intentionally love death, yet by neglecting God's law-word, they bring death upon themselves. *O Israel, thou {f} hast destroyed thyself; but in me [is] thine help. (Hosea 13:9)* "(f) Your destruction is certain, and my benefits toward you declare that it comes not from me: therefore your own malice, idolatry, and vain confidence in men must necessarily be the cause of it."²⁷ We see that by skillful use of pen and ink and by changing the meanings of words, Rabbinic, Talmudic Judaism has persuaded the general Christian public to accept and support Zionist lies that support their manufactured history. Modern Jewish history is the product of some very skillful and imaginative writing, which has no shadow of true reality.

In order to accomplish the Zionist dream of a homeland in Palestine, the *Children of Ashkenaz* had to, among other things, **1)** drive out all of the legitimate, physical heirs of ancient Israel, the Palestinian Arabs; **2)** urge and, when necessary maybe even force *Ashkenaz Jews* from around the world to migrate to Palestine, for they needed enough Jews to legitimize their claim on Palestine; **3)** create great international sympathy for their supposed plight of being homeless, i.e., "wandering Jews" and **4)** have wide support, especially from Christians, for what they would need to do to the Palestinian Arab occupants. They also needed international recognition,

military support and an abundance of money to obtain their Zionist goals to possess all of Israel's ancient land. The turmoil and wars motivated by Talmudic Zionism have allowed the Zionists to quickly move ahead with their various goals.

Some of the important events which have occurred since 1897 have fulfilled in a startling manner the predictions and aims expressed in the protocols themselves. (Foot Note 2) Furthermore, it is impossible to read far in the protocols and in the public writings of Hess, Herl and other Jewish leaders without being impressed with the constant reiteration of certain fundamental principles and ideals... (Foot Note 2: the coming of a world war is predicted which the Jews are to secretly promote. The creation of the chaos of Bolshevism is described as to be worked out by the Jews all over the world as a step toward Jewish world domination.²⁸

The Zionists finally gained their needed international support for a Jewish Homeland through Hitler and WWII. Hitler and WW II provided both the requisite number of emigrants and the required moral justification needed to claim Palestine, and displace the Palestinians. By 1948, the descendants of the *Children of Ashkenaz* had created enough public support that the Arabs were displaced, and they were given the new homeland.²⁹

Sir Winston Churchill laid the blame of two World Wars at the feet of Talmudic Zionism. Speaking in detail of the International Jews:

In violent opposition to all this sphere of Jewish effort rise the schemes of the International Jews. The adherents of this sinister confederacy are mostly men reared up among the unhappy populations of countries where Jews are persecuted on account of their race. Most, if not all, of them have forsaken the faith of their forefathers, and divorced from their minds all spiritual hopes of the next world. This movement among the Jews is not new. From the days of Spartacus-Weishaupt to those of Karl Marx, and down to Trotsky (Russia), Bela Kun (Hungary), Rosa Luxembourg (Germany), and Emma Goldman (United States), this world-wide conspiracy for the overthrow of civilization and for the reconstitution of society on the basis of arrested development, of envious malevolence, and impossible equality, has been steadily growing. It played, as a modern writer, Mrs. Webster, has so ably shown, a definitely recognizable part in the tragedy of the French Revolution. It has been the mainspring of every subversive movement during the Nineteenth Century; and now at last this band of extraordinary personalities from the underworld of the great cities of Europe and America have gripped the Russian people by the hair of their heads and have become practically the undisputed masters of that enormous empire.

There is no need to exaggerate the part played in the creation of Bolshevism and in the actual bringing about of the Russian Revolution by these international and for the most part atheistical Jews. It is certainly a very great one; it probably outweighs all others. With the notable exception of Lenin, the majority of the leading figures are Jews. Even before the Holodomor [Stalin's enforced famine-genocide of Ukraine, 1932-

²⁹ Talmudic Zionism's heavy hand in forcing, and even financing wars such as WW I & II is not without abundant documentation. However, the Talmudic Zionist's involvement is almost totally ignored, and fear has kept their involvement out of public view. The purpose of their created wars was to dispossess the Palestinians, force Jews to move there and take possession of the Holy Land. The Zionist's goal was finally accomplished after multiplied tens of thousands, even millions of people were slaughtered. However, they created another war between the dispossessed Palestinians from whom they took the land and the Children of Ashkenaz who were imported into Palestine. Our present goal is not to investigate WW I & II, but we do encourage the reader to learn the truth behind those wars. He is not the only one to reveal that the Talmudic Zionists forced the wars. Mr. Freedman, who shortly after WWII spoke from the very highest echelons of Zionism, gives the same account, as do countless others. The Zionists' control the vast majority of all forms of media and publishing, which allow them to create and document any needed new history. Thus, they can control or almost hide all accounts of Zionist's total involvement in world events. That control advances only what they want the public to believe. Mr. Freedman's and his account of Zionists influence in the wars are also freely available.

1933, ed.] of the 1930s, he recognizes that despite special protection having been given to Jewish places of worship, Jews have been responsible for inflicting “injustice on millions of helpless people.”³⁰

The Law of Return (5 July 1950) is the keystone of Israel's Constitution. It gave every self-identified “Jew the right at any time to relocate to Israel, which is to say, to ‘go home’ to the land God showed Abraham and Sarah 4000 years ago.”³¹

Paul’s Warning

That we henceforth be no more children, tossed to and fro, and carried about with every wind of doctrine, by the sleight of men, and cunning craftiness, whereby they lie in wait to deceive; (Eph 4:14)

Notice how susceptible Christians are to lies and deception when they do not study, know nor believe the Truth of God’s word. Those lies that shout the loudest and appeal the most to human understanding will ensnare the simple.

Manufactured History Needed

Talmudic Zionism required a fake history to be manufactured. In the past two centuries, those deceits and lies had to be particularly good, for they needed Christian moral support, money and blood. The goal of the Zionists from the time of the destruction of the Second Temple has been to possess Palestine (even the total land of Israel as promised under the Old Covenant) as the Jew’s *homeland*, and to rebuff any negative statement about their war to take that land from the Palestinians. That possession would have been impossible without Christian support. “The greatest source of conflict has been the right wings’ insistence that the Bible gives Jews the right, even the obligation, to settle in traditionally Arab neighborhoods, buying out long-term Arab residents if necessary and expelling Arab tenants.”³² But the actions by *Children of Ashkenaz* against those who lived and owned property in Palestine have been ignored by Christians.

Conclusion

Starting in the second half of the nineteenth century, gifted memory merchants, *i.e.*, history reconstructors, went to work to unite Jewish and Christian religious memories, “out of which they imaginatively constructed a long, unbroken genealogy for ‘the Jewish people.’”³³ The new invented history supports the antichrist teaching that, in Rabbi Kertzer’s words, “Christianity grew out of Judaism and defined itself with reference to those Jewish beliefs and practices that it accepted and those it did not. Judaism spawned Christianity...”³⁴ Thus, the Rabbi exalts Talmudic Judaism over Christianity. However, in the first century, Ignatius clearly exalted Christianity above Talmudic Judaism:

It is absurd to profess Christ Jesus, and to Judaize. **For Christianity did not embrace Judaism, but Judaism Christianity**, that so every tongue which believeth might be gathered together to God.³⁵

³⁵ Op. cit.

Clearly, from the beginning of the Gospel of Christ, one can be either a self-defined Jew or Christ-defined Christian. Accordingly, a “Messianic Jew” is impossible, for he cannot conform to the gospel definition of a Christian. Zionism’s goal to gain Christian support for the “Zionist project” through their newly manufactured (and very deceptive) history has succeeded wonderfully, probably beyond their wildest hopes. We know that Christian Zionism has infiltrated the Christian church to an alarming degree when we hear God’s people proclaiming Zionist doctrine such as a Messianic reign from the physical location of Jerusalem.

Christian doctrine is defined by the New Testament, not by the Jewish Oral Torah, the Mishnah nor by the Talmud, nor by man’s vivid and degenerate imagination.

Psalms 36:9 For with thee is the fountain of life: in thy light shall we see light.
